

Examination Results

CATS College Canterbury

University Foundation Programme

CATS Canterbury launched its University Foundation Programme 25 years ago. It is externally moderated, accredited by NCFE, and recognised by almost all UK universities. 130 students, the highest number ever, each sat examinations in three subjects.

Of the 391 grades awarded, 31% were A, and 49% A-B. Both of these were well above ALIS predictions. The percentage of A-C grades was 60%, slightly lower than the previous two years. 82% were passing grades, and 94% led to successful completion of the course

A Level

Nine students completed the A2 course in 2010, slightly fewer than the previous two years. Of the 25 grades awarded, 13, or 52%, were A and A*, well in advance of the 16% predicted by ALIS. All but one grade were A*-B, and 100% of grades were A*-C.

IB

Nine students took the examinations, although our present cohort of all IB students is 50.

66%, or six of the IB students at CATS gained the full diploma in 2010. This was a percentage increase on the previous year. Of these, the average points score was 30, compared to the previous year's 27.8.

The remaining three certificate students attained between 18 and 22 points, with an average of 20.

The proportion of students attaining the top grades of 7 and 6 exceeded ALIS predictions.

iGCSE:

For the first time, students were only entered for iGCSEs in English and Maths. This followed the replacement of the GCSE course with a new "Pre" course, aimed at providing a more balanced curriculum and to enable more informed choice at A Level, IB and Foundation. Students study on the Pre course for one, two, or three terms, and that they are entered for iGCSEs only if it is felt that they are ready, and that the qualification will be relevant to them. A Level, IB and Foundation students may also take, or retake, iGCSEs during their courses as required.

12 students took iGCSE English in 2010. All but one, or 92%, attained pass grades, of which 50% were A-C.

20 students took Mathematics iGCSE. 75% of grades were A-C, and 100% A-D.
