

College Commitment to Students

We have a full range of excellent staff at the College who will undertake to:

1. Prepare and deliver lessons on the timetable.
2. Be punctual and encourage all their students to arrive on time for lessons.
3. Set up meaningful independent learning and tests, which will be marked in good time and in a manner that ensures you know how to improve.
4. Ensure students are regularly informed of their target grade and exactly what they have to do to progress beyond it.
5. Prepare and deliver lessons that engage, stimulate and motivate students of all abilities and needs.
6. Apply College rules in a manner that is consistent and fair.
7. Treat all students and other staff with respect.
8. Develop relationships with students that are professional at all times and helpful in the broadest sense.
9. Provide extra support to ensure continuing students progress and help them meet their targets.
10. Work with students to set realistic but challenging targets and to insist on their attainment.
11. Recognise the specific and individual needs of the student and be proactive and responsive in addressing these needs.
12. Contribute to an environment which is both exciting and rewarding.
